

# Nursery Cleaning Guidelines

You will be cleaning 2 nursery rooms each month at your convenience from July to September. One person could probably do this in 1-2 hours a month. A family of four could probably do it in 30 minutes to an hour each month. Cleaning supplies are in the nursery cleaning tub in the closet between rooms 3 and 4.

Cleaning should include:

- making soapy water with the bucket for the toys that can be submerged
- using vinegar water (in each room) for the toys that cannot be submerged, tables, chairs, doors, cabinet doors, light switches, rocking chairs, etc.
- If possible, please take home the rags, infant laundry, and soft toys to wash and bring back.

The church is open 9:00 am - 2:00 pm, but if this doesn't work for you, just send me a text with the time you'd like to clean and I'll open the church for you!

Please don't hesitate to call, text, or email me with any questions and thank you so much for helping keep our kiddos healthy!
